Accordingly, the following shall apply to the operations and activities conducted by the Houston Livestock Show and Rodeo.

Governmental Regulation: The Houston Livestock Show and Rodeo shall not be liable for any delay or failure to perform its operations, activities, shows and events to the extent such delay or failure results from the Houston Livestock Show and Rodeo's good faith compliance with applicable governmental statutes, ordinances, regulations, orders, rules or other directives, including but not limited to compliance with governmental directives concerning public health and safety, animal disease prevention detection and response, including animal quarantine and/or destruction; and protection of the environment.

Priority evacuation will be given to human life then livestock and/or equine. In such cases exhibitors and/or contestants will turn over the care of their livestock or equine to the Houston Livestock Show and Rodeo. Proper animal husbandry practices will be followed within reasonable expectations. At which time the evacuation notice is lifted then exhibitors/contestants will be allowed to reenter NRG Park and claim their livestock or equine.

By making entry into the livestock show, horse show or rodeo you authorize the Houston Livestock Show and Rodeo and its officials to detain your livestock/equine on these premises. Furthermore, you agree to hold harmless and without liability the Houston Livestock Show and Rodeo, its officials, directors, officers and staff for those animals under the reasonable care of the Show.

General Horse Show Rules & Regulations

Administration of Rules and Regulations

The Houston Livestock Show and Rodeo reserves to its Executive Committee the final and absolute right to interpret these rules and regulations and to arbitrarily settle and determine all matters, questions and differences in regard thereto, or otherwise arising out of or connected with or incident to the Show, and the right to amend or add to these rules as its judgment may determine. An exhibitor who violates any of the following rules will forfeit all privileges and premiums and be subject to such.

Special rules or conditions are published in each Breed Show section where necessary. If there is a conflict between the special rules of any Breed Show and the general rules and regulations, the special rules will govern.

1. Statement of Liability: All exhibits in the Horse Show classes will be under the control and direction of the management of the Houston Livestock Show and Rodeo, but the Houston Livestock Show and Rodeo in no case will be responsible for any loss, damage or injury to animals exhibited, or for any article of any kind or nature that may be lost, stolen, destroyed or in any way injured. Every individual, either personally or through their parent(s) or guardian(s), who participates in the Houston Livestock Show and Rodeo, to any extent whatsoever, does thereby consent, for all purposes, that venue and jurisdiction shall lie in Harris County, Texas. Each exhibitor will be solely responsible for any consequential or other loss, injury or damage done to or occasioned by, or arising from any animal or article owned or exhibited by him, and shall indemnify the Houston Livestock Show and Rodeo against all legal or other proceedings, claims, or demands of any kind or nature, in regard thereto, or that may arise from the negligence of the person in charge of any such animal or article.

2. Unsportsmanlike Conduct: Unsportsmanlike conduct by any exhibitor, trainer or owner will not be tolerated and any violator will be excused from the arena. The Houston Livestock Show and Rodeo cooperates fully with the drug testing programs currently in place within the APHA, AQHA, and NCHA. Inhumane treatment of the animal in the show arena, warm-up arena, stall, runway or elsewhere on the Show grounds, or cruelty to or the abuse of an animal by any person, is forbidden and renders the offender subject to penalty. The Show Management may bar violators from further participation for the remainder of the Show.

3. Special Rules: All entries and awards in this department are subject to the General Rules and Regulations of the Houston Livestock Show, the Horse Show Rules and Regulations and to such special rules as are found within Breed Shows.

Procedures for Entry

4. Dogs: Dogs are not allowed on Show grounds. (Exception: those dogs aiding the handicapped, or those dogs under contract with the Houston Livestock Show and Rodeo).

5. Entry Procedure: All applications for entry must be submitted on current official Houston Livestock Show Horse Show Entry forms. All entries must be received by or mailed to the Houston Livestock Show, Horse Show Department, 3 NRG Park, Houston, Texas 77054. Entries must be signed, accompanied by necessary papers (association membership cards, complete copies of registration papers showing current owner, IRS w-9 form) and proper fees, payable in U. S. dollars only. Incomplete entries may be returned to the maker or will be held for completion in the Horse Show Office. Exhibitors are responsible for all fees once entry is made, regardless of whether the entry competes.

6. Acceptance of Entry: The management reserves the right to refuse, accept conditionally and/or to cancel any entries. Management also reserves the right to disqualify exhibitors, prohibit exhibition of entries and/or cancel awards or prizes, without claims for damage.

7. Entry Deadline Dates: Entries close February 1. Entries must be postmarked by February 1 to avoid late penalties. USPS postmark will be accepted over meter when both are present. It is recommended entries be mailed using some trackable method. It is the responsibility of the exhibitor to ensure entries are postmarked and received by posted entry deadlines.

8. Late Entries: Late entries will be accepted through February 10 and must be received in the horse show office by this date to be accepted. **No new entries will be taken after Feb. 10;** however, exhibitors may still add or drop classes as noted in General Rule #11, Page 11. Late penalties will apply to classes added after the February 1 deadline.

9. Cancellations: Cancellations must be in the Horse Show Office by 5 p.m., Feb. 10. All cancellations must be in writing (e-mail to horseshow@rodeohouston.com). No cancellations will be taken over the phone. In case of death or serious injury, class fees will be refunded only upon the presentation of a veterinarian's or physician's certificate, prior to the close of the Show. Late fees are nonrefundable. For NCHA Cutting entries, refunds cannot be made after the draw has been conducted.

10. Substitutions: Horse and/or class substitutions must be in the Horse Show Office by 4 p.m. the day before the class is held. (See NCHA Cutting Contest for specific rules regarding substitutions.) All substitutions must be in writing (e-mail to horseshow@rodeohouston.com). No substitutions will be taken over the phone. **Horse substitutions must have the same owner as original entry and must be in the same breed/division as original entry (see NCHA Cutting Contest for specific rules regarding substitutions and ownership).** Rider substitutions will be taken until one hour prior to the beginning of the class. Substitutions must be made on an official Houston Livestock Show and Rodeo Substitution Form. All substitute exhibitors must provide proof of current breed membership at time of substitution.

11. Additions: Classes may be added for any entry received in the Horse Show Office by the closing date of Feb. 10. All additions must be in writing (e-mail to horseshow@rodeohouston.com). Changes or additions will be accepted until 4 p.m. the day before the class is held. Late penalties will apply to any class added after February 1. Additions cannot be made to NCHA classes after the draw has been conducted.

12. Erroneous Entries: Exhibitors are responsible for the correctness of their entry. Erroneous class entries regarding age group or sex of the animal and/or age of the youth exhibitor may be transferred to their proper class prior to judging. However, the management will determine each matter upon its merits.

13. Class Level: Junior Horses are 5 years of age and younger by their calendar year (foaled in 2019 or later) and Senior Horses are 6 years of age and older by their calendar year (foaled in 2018 or earlier).

14. Arena Promptness: Classes will be called according to the schedule printed in this Horse Show Exhibitor Handbook. All animals must be ready and waiting to enter the arena promptly. Animals will not be allowed to enter the arena after the gates are closed and the judge has started to work. Exhibitors are responsible for informing the gateman of tack changes or any other delay that may cause the exhibitor to be late and possibly miss their class.

15. Class Schedule: Management reserves the right to rearrange classes if necessary to compensate for excessive entries or time shortages. Classes with drawn order will post the draw at the warm-up arena. All exhibitors will work in the order drawn. Exhibitors not at the gate to work in their drawn order will not be allowed to work in that class. Schedule or draw information given over the phone must be considered unofficial. **The most recent information can be obtained from our website at www.rodeohouston.com.**

16. Public Address System: It is the responsibility of the exhibitor to be sure that his/her animal is at the gate at the prescribed time. Every effort will be made to maintain a working public address system to carry class calls; however, no protest will be upheld, nor will any section be changed on the basis of public address malfunction alone. The two-minute limit for gates will be strictly enforced. The gate will close two minutes after the first animal enters the ring or in cases with large classes taking more than two minutes, at the completion of final animal in a continuous string of animals.

17. Multiple Class Entry: An owner may enter one or more animals in a class but a rider may ride only as many animals in each class as are allowed by breed association rules. Each animal may be entered in one or more classes.

18. Entry Numbers: Entry numbers belong to the animal. Each animal entered in the Show will be assigned an entry identification number for each breed division entered. Rider or handler must display the correct number for the applicable Breed Show when the animal is being shown.

19. Announcements: Every effort is made to ensure the accuracy of all announcements. In the event of a discrepancy between an announcement and a written rule, the written rule will take precedence.

20. Special Awards: Awards will be presented following the conclusion of the show or as soon as points can be tabulated. Winners must be present to receive awards, as they cannot be mailed.

21. Ties: All ties affecting point earning places must be broken. Show All-Around and/or High Point Awards will be made in accordance with the breed association rules for determining All-Around/High Point. If there is no breed association rule regarding ties for All-Around/High Point, the animal will be declared the Show All-Around/High Point who (1) earned points in the greatest number of events, or if still tied (2) the animal winning over the greatest number of animals, or if still tied (3)

earned the most points in performance events. Protests regarding Show High Point or Show All-Around awards should be made prior to contestant leaving Show grounds.

22. Protests: Any person wishing to protest an animal's eligibility in any class may do so by submitting a protest in writing, to the management, stating the reasons and evidence in support of such claim. The protest must be in the hands of management prior to the day on which the animal is to be judged or received by the Show Secretary, Show Manager or member of the Show Committee within 48 hours of the alleged violation. The protest must be accompanied by a deposit of \$50 which will be forfeited if protest is not sustained. In the event the protest is sustained, the \$50 will be refunded to the person making the protest. Otherwise the judges' decision as to placing is final and the protesting exhibitor has no redress. Exhibitors or animals which are disqualified by their respective breed associations because of protests must return prizes and prize money to the Houston Livestock Show and Rodeo.

Feed and Stalling

23. Feed: Grain, sack feed and supplement are sold on a cash basis through the feed office. Exhibitors who wish to bring their own grain, mixtures or supplement will be permitted to do so.

24. Stalls: Bedding may not be removed from stalls for any reason. Bedding hay will not be available. Exhibitors may not bring any bedding hay, wood shavings or straw onto the grounds. Wood shavings are sold on a cash basis through the feed office.

25. Stall Assignments: Stall assignments will be made by the management. The Houston Livestock Show and Rodeo will furnish stalling on the grounds for every animal entered by the Feb. 1 deadline. Late entries will not be guaranteed stalls. Stall assignments and other information such as exhibitor credentials and back numbers will be picked up when animals arrive at the horse show office. Animals placed in stalls not assigned to them will be moved. Stalls will not be assigned until all class and entry fees have been paid. **No canopies, or tents of any type are allowed in NRG arena stalling areas without prior written approval of Show Management.**

26. Stall Fees: All horses entered in the Houston Livestock Show and Rodeo Horse Show are required to have a stall for the duration of their stay at the Show. Stall fees are \$40/night. Turnback stalls for the NCHA Cutting division are \$40/night. Tack Stalls are \$40/night and will be assigned only if they are available. **Stall fees are non-refundable.** Tack stall fees will be refunded if tack stalls are not available.

27. Care and Control: All animals will be under the supervision and care of their owners. Exhibitors must keep their stalls and the aisles clean and neat. Locks on animal stalls are not allowed. **No "For Sale" signs are to be exhibited on stalls.**

28. Exhibitor Boards: Exhibitor Boards will be located through the barn area for use by all exhibitors to display informational material. All displayed materials must be on a single page no larger than 8 1/2" x 11" and must be in a tasteful manner. Any materials posted in areas other than Exhibitor Boards will be removed.

Arrival and Departure

29. Arrival: Animals will not be accepted on Show grounds prior to scheduled time of arrival.

30. Departure: All animals must vacate stalls and leave Show grounds according to schedule. Animals may leave after completion of performance in which they are entered. A written release from the Stalling Office must be secured on animals, tack, trailers, etc. before being released. Positive identification including driver's license and license plate number for both vehicle and trailer will be required to secure release.

31. Late Departure: Exhibitors are not allowed to move other owner's animals from stalls. If animals are not out of stalls at assigned times, they will be moved by management and placed in holdover stalls.

32. Stay Over: Owners having animals in more than one breed/division and wishing to have their animals stalled through both breeds/divisions must notify the Horse Show Office at the time of entry so stalls may be made available. Owners not advising the Horse Show Office must move animals to another location.

Passes and Parking

33. Exhibitor Credentials: Each owner will be provided with a set number of exhibitor credentials. These will be picked up on arrival at the Show. Exhibitor credentials will not be available for purchase; however, daily admission tickets may be purchased upon arrival. Exhibitors caught abusing or transferring these credentials will forfeit same. Each owner will be provided with a set number parking passes for the breed/division entered. These will be picked up on arrival at the Show. Parking passes will not be available for purchase. **RV parking is not available on the grounds. RVs pulling animal trailers must be moved to an off grounds location after unloading. Trailer parking is not available on the grounds.**

Prizes and Prize Money

34. Payee: Prize money will be paid to the owner. Social Security or Tax I.D. number and full mailing address of owner must be on the entry form. Owners will receive an IRS 1099 form for all monies and prizes received based on current IRS regulations.

10. Horses who fail to show or who are withdrawn from the contest without the consent of the management or the Horse Show Director will forfeit all fees and premium moneys that have been previously won.

Event Rules Barrel Racing, Breakaway, Tie Down and Team Roping

1. All contestants in the Junior Invitational Barrel Racing, Breakaway, Tie Down and Team Roping Events will be under the supervision of the Houston Livestock Show and Rodeo and all General Rules and Regulations published in the 2024 Horse Show Exhibitor Handbook will apply unless otherwise stated in the special rules of the Junior Invitational Barrel Racing, Breakaway, Tie Down and Team Roping Event. Any contestant violating any General or Special Rule will be disqualified on all entries and will be subject to forfeiting any premium money won. The interpretation of the Rules by the Show Management will be final, and no protests will be permitted.
2. Entry into the event is by qualification only. 20 contestants will qualify in each age division/event for the barrel racing, breakaway and tie down roping. 100 entered teams will qualify for the team roping.
3. The Junior Invitational Breakaway and Tie Down Roping Event will be two full go rounds and a short round, with prize money awarded as follows: fast time will be paid in each of the 3 rounds of the event, with the remaining purse will be distributed to the top 4 places in the average – 40%, 30%, 20%, 10%. Prizes will be awarded 1st – 4th place. The top 10 contestants in the breakaway and tie down roping events will return for the short round. Those 10 contestants will be determined by the cumulative time of the two go rounds. Those contestants with qualified times in both go rounds will be placed above those with a no time. Should there not be 10 contestants with 2 qualified times, the remaining short round spots will be determined by the fastest time on 1 go round, until all 10 positions are filled.
4. The Junior Invitational Barrel Racing Event will be one go round. The purse distributed to the top 4 placings in the average – 40%, 30%, 20%, 10%. Prizes will be awarded 1st – 4th place.
5. The Junior Invitational Team Roping will be three go rounds, progressive after one, with prize money awarded as follows: fast time will be paid in each of the 3 rounds of the event, with the remaining purse distributed to the top 5 places in the average and top 3 places in the incentive average. Prizes will be awarded 1st – 5th place in the average and 1st – 3rd place in the incentive average.
6. Humane treatment of animals must be exercised at all times by all exhibitors and their family members.
7. For the barrel racing, breakaway or tie down roping, an exhibitor may enter each age division of an event only one time.
8. A horse may only be entered in each age division one time.

9. For registered horses, a copy of horse registration papers must be submitted with entry. For grade horses, an ownership verification form must be completed at time of entry. Ownership verification forms may be obtained by contacting the Houston Livestock Show and Rodeo Horse Show Office.
10. During all roping events, a Houston Livestock Show and Rodeo representative will ensure that no person stands close enough to the barrier or barrier equipment to tamper with same.
11. Roping contestants shall start from behind a barrier. A 10 second penalty shall be assessed for breaking the barrier. If the barrier fails to work but a time is recorded, the contestant will receive that time. Barrier penalty will be waived unless flagman determines barrier is obviously beaten by contestant. If timer fails to work, contestant will receive a re-run.
12. No contestant may be in the arena during events except for the contestant actively involved in the current run.
13. No more than two (2) people may stand in the roping box during timed events. Flagman and HLSR management and staff have the authority to stop the competition to remove extra people from the roping box or the arena floor.
14. If a calf/steer is injured during competition (the injury must be obvious to the flagman) the run will immediately stop (signaled by the flagman flagging the contestant out and the timer sounding the horn upon the flagman flagging the contestant to stop the run). The contestant will be required to maintain control of the calf/steer until the flagman or the Show Veterinarian excuses him. The injured animal will immediately be removed from the arena for assessment and treatment.
15. If the flagman flags the contestant out due to animal injury, the contestant will be granted a re-run whether the animal was actually injured or not.
16. If an animal escapes from the arena, the flagman will drop his flag and all watches will be stopped. Contestant will receive a new animal with lap-and-tap start. Time already accumulated will be added to time used to complete the qualifying run. If time is not recorded, the contestant will receive a 10 second penalty for any loop used. Contestant must make an effort at a second loop or be flagged out automatically. Once a contestant has been flagged out, he will receive no stock back.
17. In all events, the contestant must compete in the drawn working order.
18. A roping contestant may not have someone rattle the chute for them.
19. Only the horses needed during the actual competition in the event will be allowed in the boxes during any roping event and/or noncompetitive runs.
20. There shall be at least two timers.
21. All roping contestants must compete from the same box designated for their event. Tie-down and Breakaway roping – right box must be used.
22. In all roping events, it is contestant's responsibility to determine if arena is as they want it prior to calling for their calf/steer. If any arena personnel (flagman, announcer, show management, etc) interfere with a run, the contestant may, at the discretion of the flagman, receive a rerun providing contestant has made a qualified run up to the point of interference.
23. In all roping events, the flagman will have the final decision in all re-runs, no times, etc.

BREAKAWAY ROPING

1. Horse will start behind a barrier. Ten (10) second penalty for breaking the barrier.
2. One loop will be permitted. Rope is to be tied to the saddle horn by a heavy string, in such a manner as to allow the rope to be released from the horn when the calf reaches the end of the rope. A visible cloth or flag must be attached to the end of the rope tied to the horn to make it easier for the flagger to see it break free. A legal catch is a loop that

passes over the head of the calf and then holds on any part of the calf to cause the string to break away from the saddle horn. Roping the calf without releasing the loop from the hand is not permitted.

3. Should a roper break the rope from the horn by hand or touch the rope or string after the catch is made, they will receive a “no time”. If the rope dallies or will not break free when the calf reaches the end of it, the roper will receive a “no time”.
4. Any attempt by a contestant to position their horse behind the barrier, enabling them to rope the calf without leaving the box, shall be considered a disqualification.
5. Rope may not pass through bridle, tie-down, neck rope or any other device.
6. Contestants must follow tack/equipment rules as listed in the 2024 American Quarter Horse Association rulebook. Equipment deemed ineligible by the rulebook will not be allowed and those using ineligible equipment will be disqualified from the event. All contestants should have equipment checked by judge prior to making their first run.
7. All prize monies will be paid to the owner of the horse as noted on the official entry form.

TIE DOWN ROPING

1. Contestant must rope calf, dismount, throw calf by hand and cross and tie any three legs. To qualify as legal tie, there shall be at least one wrap around all three legs and a half-hitch. If calf is down when roper reaches it, the calf must be let up to his feet and be thrown by hand. If roper’s hand is on the calf when the calf falls, calf is considered thrown by hand. Rope must hold calf until roper gets hand on calf. Three legs must remain crossed and tied from six seconds, as timed by the flagman, from the time the rope horse takes his first step forward after the roper has remounted, until approved by the flagman. Roper must not touch calf after signaling that he is finished until after the flagman has completed his examination. Rope must remain slack until flagman approves the tie. Unless instructed to do so by the flagman, roper will be disqualified for removing rope from calf after signaling for time, until the tie has been passed on by the flagman. In the event a contestant’s catch rope is off a calf after completion of tie, the six-second time period is to start when roper clears calf. Flagman must watch calf during the six second period and will stop watch when a calf kicks free, using the time shown on the watch to determine whether calf was tied long enough to qualify. If tie becomes illegal by calf kicking, or calf gets to his feet before tie has been approved by the judge, the roper will be marked a “no time”.
2. One loop will be permitted, catch-as-catch-can, and should the roper miss with both, he must retire and will be marked “no time”. Roping the calf without releasing the loop from the hand is not permitted.
3. There will be a 30 second elapsed time limit in the tie-down roping. A whistle indicating “no time” shall be blown by the timer at the end of the 30 second span. This rule shall not apply to legal ties completed in less than 30 seconds but which, due to a penalty, are recorded as having taken more than 30 seconds
4. A neck rope must be used on the horse, and contestant must adjust rope and reins in a manner that will prevent horse from dragging calf. Contestant must receive no assistance of any kind from outside. If the horse drags the calf at least five feet, flagman may stop horse. Intentional dragging of calf, as determined by flagman, will be grounds for disqualification.
5. **No Jerk Down.** If a tie-down animal is jerked down (straight over backwards, landing on its head or back) the contestant will be disqualified.
6. Contestants must follow tack/equipment rules as listed in the 2024 American Quarter Horse Association rulebook. Equipment deemed ineligible by the rulebook will not be allowed and those using ineligible equipment will be disqualified from the event. All contestants should have equipment checked by judge prior to making their first run.
7. All prize monies will be paid to the owner of the horse as noted on the official entry form.

TEAM ROPING

1. Each contestant will be allowed to carry only one rope. Each team will be allowed TWO loops total. Roping steers without turning loose of the loop will be considered no catch. Header must rope, dally and change direction of steer. Flagman shall drop flag when steer is roped by its head and heels, and both horses are facing steer in line with ropes dallied and tight. Horses' front feet must be on ground, ropers must have a full dally, and ropers must be mounted for flag to drop.
2. All headers shall start from behind a barrier. A 10 second penalty will be added for breaking or beating a barrier. There shall be no heel barrier; however, if heeler, in the opinion of the flagman, pushes the steer to the left, no rerun shall be given.
3. **Crossfire.** The direction of the steer's body must be changed before the heel loop can be thrown. However, if the steer stops, it must only be moving forward for the heel loop to be legal. Any heel loop thrown before the completion of the initial switch will be considered a crossfire and team will receive a "no time".
4. If steer is roped by one horn, roper is not allowed to use his hands to remove loop or put loop over other horn or head.
5. If the heeler ropes a front foot or feet in the heel loop, this is a foul catch. Neither contestant may remove the front foot or feet from the loop by hand. However, should the front foot or feet come out of the heel loop by the time the flagman drops his flag, time will be official.
6. There will be only three legal head catches: A) Around the horns. B) Half a head. C) Around the neck.
7. Any heel catch behind both shoulders is legal if rope goes up heels. Roping only one hind foot will receive a 5 second penalty.
8. Any questions as to catches in this contest will be decided by the flagman. If a flagman tells the header to hold the steer so that he may inspect the head catch, and the header does not do so, the team may receive a "no time".
9. There will be a 30 second elapsed time limit in the team roping. A whistle indicating "no time" shall be blown by the timer at the end of the 30 second span. This rule shall not apply to legal catches completed in less than 30 seconds, but which, due to a penalty, are recorded as having taken more than 30 seconds.
10. Any reruns will be at the discretion of the flagman. The decision of the flagman is final.
11. Contestants may enter two times, for a total of 4 runs. Contestants will enter with the partner they qualified with and draw a second partner. Should a contestant have their classification number raised and become ineligible to compete, or be unable to attend the Junior Invitational Team Roping, their partner may select another eligible partner per show guidelines. The new partner must meet qualification, age and eligibility requirements. Contestants will be required to provide a 2024 membership card from Global, or Fire It Up at time of event. 13. Contestants must follow tack/equipment rules as listed in the 2024 American Quarter Horse Association rulebook. Equipment deemed ineligible by the rulebook will not be allowed and those using ineligible equipment will be disqualified from the event.
