

**Commercial Exhibits Program
2018 Variance Request**

Approved variances from 2017 will automatically roll forward unless you are otherwise notified. If you have questions about what has been approved for your company, please see the checklist in your online exhibitor account. If you would like to request a new variance from the design guidelines, you may do so by completing the variance request information below and submitting it by the **October 27, 2017**, deadline. Variances will only be considered for booths that capture the western character of the Show with excellent design and quality. Additionally, we will carefully review the impact of your variance request on your neighboring vendors.
