LULAC National Scholarship Fund (LNSF)

LNESC and LULAC established the LULAC National Scholarship Fund (LNSF) to help youth in underserved communities make the dream of college enrollment a reality. LNSF is a unique partnership between grassroots advocates and corporations that fund educational opportunities for deserving youth across the U.S. Every dollar raised by local LULAC Councils is matched by corporate partners secured by LNESC, increasing the amount given in both the council and corporate names. This model results in a true grassroots/corporate partnership for the empowerment of the Latino community. Former recipients of LNSF scholarships are now leaders in fields of business, science, government, and education. A rigorous selection process assures the expectation that future recipients will demonstrate the same level of excellence.

LNESC Emergency Scholarship Fund

The LNESC Emergency Scholarship Fund is a joint partnership between LNESC & Macy's to provide financial resources to deserving students facing economic hardship and **immediate** monetary need that, if not met, could result in an inability to complete classes or a degree program.

Emergency financial need resulting from the following will qualify students for funding:

- change in family income/support
- loss of job
- death of an immediate family member
- natural disaster
- pending eviction or home foreclosure
- burglary
- fire

**Poor financial choices do not constitute a emergency financial need (e.g. credit card debit, poor use of financial aid funding, personal loans to family or friends).*

LNESC Emergency Scholarships are non-renewable and applicants cannot be recipients of other LULAC National Educational Service Centers (LNESC) Scholarships at the time of application. Award amounts vary based on need, but should not exceed \$500 due to an overwhelming number of applicants.

Washington Youth Leadership Seminar

The Washington Youth Leadership Seminar (WYLS) is LNEESC's annual leadership development program that brings together approximately 50+ future rising Latino leaders from across the U.S. and Puerto Rico to Washington, DC and immerses them in a specific public policy area. Students undergo leadership training, advocacy training, and peer bonding exercises, resulting in a tightknit group of leaders engaged and energized to make a difference in the Latino community.

WYLS is a life-changing opportunity for Latino high school students in our nation's most underserved communities to meet first-hand with the country's most influential decision makers. The seminar includes a Capitol Hill Day whereby the newly trained student advocates meet with Members of Congress and discuss the changes they want to see made for their communities. While in the nation's Capital, students also work with leaders from corporate America and other public and private institutions to provide input on issues important to the Latino community.
