

HIGH SCHOOL AEROSPACE SCHOLARS

*Texas high school juniors are invited to join
NASA as we **explore the Moon to Mars!***

Train for the mission through an interactive online course that covers space exploration's past, present, and future. Highest achieving students receive invitations to **spend an all-expenses paid week at NASA's Johnson Space Center** in Houston, TX.

Students continue training and are mentored by NASA engineers and scientists while working with students from across the state to complete **hands-on engineering design challenges** and planning a mission to the lunar south pole.
