* CW = Hot carcass weight is less than 600 or greater than 1,000 pounds; DC = Dark Cutter - quality grade may be discounted;

MB = Marbling score is less than Slight 00; QG = Quality Grade is less than Select 00; RE = Rib Eye area is less than 11.0 Sq. in.; YG = Yield Grade is greater than 3.5.

*Any steer eligible for the 2019 carcass contest not listed within the above results was non-ambulatory on the date of harvest, therefore data is not available.

*The packer/processor removes kidney, pelvic and heart fat during harvest, so a standard 2.0% was applied to all carcasses for the purpose of calculating a USDA Yield Grade.

*Due to the length of time and days on feed between the official show weight and carcass weight collection, dressing percentage has been eliminated from this report.
